

Multilink FRM-4RU-4X-PS

Fiber Patching & Splicing Distribution Unit

Product Description

The Multilink *FRM-4RU-4X-PS* is a 4RU combination 19" or 23" rack mounted termination and splice shelf. The unit has a 4 position termination panel in an upper slide out shelf with a lower compartment with a 4 splice tray slide out shelf. This allows for a fully front access application. Blank panels are available to fill unused panel positions. The *FRM-4RU-4X-PS* is one of a family of units that support fiber termination in rack mount applications.
