

# **Multilink** *FRM-4RU-12X-TS*

## *Fiber Distribution Unit*

### *(FDU)*

#### ***Product Description***

The Multilink *FRM-4RU-12X-TS* is a 4 RU 12 termination panel 19" or 23" rack mount fiber distribution unit designed to support both patching and splicing in one unit. The unit has a slide out master panel that allows for accessing terminations or for splicing if used as patch/patch splice housing. The *FRM-4RU-12X-TS* is one of a family of units that support fiber termination in rack mount applications.

#### ***General Specifications***

**Dimensions:** 7.12" H x 17.0" W x 13.25" D

**Capacity:** The unit can support patching, patching and splicing

- Terminations: (12) Multilink Termination Panels (see individual panel capacities),
- Splices: Up to 96 single fused fiber splices using four 2000-SSTA splice trays

**Material:** .060" Aluminum

**Coatings:** Electro statically applied powder coat, available in black or white

#### ***Ordering Information***
