## Product Description

For ultimate performance in high-definition video and audio signal connectivity, trust Steren's advanced HDMI 1.3a Standard (Category 1) cables. These cables are ideal for HDMI-equipped HDTV sets, LCD and plasma screens, computer monitors and DVD players and HD set-top boxes. The cables support 8-bit color depths and 1080i video resolution. In addition, the cables accurately transfer multichannel digital audio. The fully molded cables are available in Type A-to-Type A (full-size) format. HDMI 1.3a-compatible cables are also backward-compatible with earlier HDMI formats.

*All Steren HDMI cables bearing the HDMI logo are manufactured by fully licensed and certified HDMI adopters under partnership with Steren Electronics International, LLC.*
